Some special features are only at certain ZENEC models available - please read the ZENEC model bluetooth description in detail.
New mobile or smart phones not listed in this document may still work, if the device supports the BT-profiles "HSP/HFP". Extended functionalities such as import of phone book contacts and call log history may not be supported though.
To guarantee correct operation of the desired functions, a direct validation test with the demo device of choice at a ZENEC dealer nearby, may pose an option.
The test results of models contained may date 6 months back, compared with the date of publication. In consequence, models not listed have not been available at the time tests have been conducted.
For third party applications accessing the OS of the mobile / smart phone, no liabilities are made and responsibility is denied.

Hinweistext:
Einige der Sonderfunktionen sind nur bei bestimmten ZENEC Modellen verfügbar - bitte lesen sie die ZENEC Modellbeschreibung im Detail.
Neuere Mobiltelefone die in diesem Dokument nicht gelistet sind können trotzdem funktionieren, wenn das entsprechende Mobiltelefon über die „HSP/HFP" BT-Profile verfügt. Erweiterte Funktionen wie z.B. Kontakt-Download des Telefonbuches oder Anrufhistorie werden jedoch ggf. nicht unterstützt.
Zur Sicherstellung von Funktionen besteht die Möglichkeit des Besuchs eines ZENEC Retail Partners in der Nähe, zur direkten Überprüfung an einem geeigneten Vorführmodell.
Die Testresultate für die aufgeführten Modelle können 6 Monate vor dem Veröffentlichungsdatum dieser Liste liegen. Dies bedingt, dass neuere Mobiltelefone in der Liste nicht enthalten sind, da sie zum Testzeitpunkt noch nicht verfügbar waren.

Disclaimer:
Some special features are only at certain ZENEC models available - please read the ZENEC model bluetooth description in detail.
New mobile or smart phones not listed in this document may still work, if the device supports the BT-profiles "HSP/HFP". Extended functionalities such as import of phone book contacts and call log history may not be supported though.
To guarantee correct operation of the desired functions, a direct validation test with the demo device of choice at a ZENEC dealer nearby, may pose an option.
The test results of models contained may date 6 months back, compared with the date of publication. In consequence, models not listed have not been available at the time tests have been conducted.
For third party applications accessing the OS of the mobile / smart phone, no liabilities are made and responsibility is denied.

Hinweistext:
Einige der Sonderfunktionen sind nur bei bestimmten ZENEC Modellen verfügbar - bitte lesen sie die ZENEC Modellbeschreibung im Detail.
Neuere Mobiltelefone die in diesem Dokument nicht gelistet sind können trotzdem funktionieren, wenn das entsprechende Mobiltelefon über die „HSP/HFP" BT-Profile verfügt. Erweiterte Funktionen wie z.B. Kontakt-Download des Telefonbuches oder Anrufhistorie werden jedoch ggf. nicht unterstützt.
Zur Sicherstellung von Funktionen besteht die Möglichkeit des Besuchs eines ZENEC Retail Partners in der Nähe, zur direkten Überprüfung an einem geeigneten Vorführmodell.
Die Testresultate für die aufgeführten Modelle können 6 Monate vor dem Veröffentlichungsdatum dieser Liste liegen. Dies bedingt, dass neuere Mobiltelefone in der Liste nicht enthalten sind, da sie zum Testzeitpunkt noch nicht verfügbar waren.
Für Fremdapplikationen welche in das Betriebssystem des Mobiltelefons eingreifen kann keine Haftung übernommen werden.
